TO THE TRADE:

Our "Last Call" on Nick's Grafts dated April 15th, resulted in good sales. Shipments are now going out daily. Because the planting season is so late, particularly in the North, we think best to mail this revised list, covering Grafts still available. They can be shipped with perfect safety, for a month yet. In placing your order, please state approximate shipping date preferred. MANY compliments on stock and packing have already reached us.
